

Job Advert Architectural Technician

Reference: AT02

Vacancy Details

Job: Architectural Technician

Term: Full Time, Permanent (will consider flexible working)

Location: Cumnock, Ayrshire.

Salary: £28-30k (pro rata)

Closing date: 21st September 2020

This is an ideal opportunity for an Architectural Technician/Technologist looking to work for an ambitious company and be involved in all aspects of design and construction of modular housing. The post would suit a Graduate Architectural Technologist or a Junior Architectural Technician.

We require an enthusiastic and determined individual to join our team and increase the in-house skills of the Wee House Company. Full-time position but will also consider part-time or flexible working.

Essential Skills and Experience

- Architectural Technology degree or HND/C Computer Aided Architectural Design and Technology
- Min. 2 years' experience working with a UK architectural practice or house builder
- Proficient in use AutoCAD (we will require portfolio evidence)
- Experienced user of Microsoft Office suite
- Excellent communication skills
- Skilled at problem solving, and able to work under own initiative
- Knowledge of planning policies and UK building regulations
- Familiar with submission of applications through eDevelopment portal
- Familiar with submission of applications to utility providers
- Full UK driving licence, availability for site visits

Desirable skills and experience:

- CIAT membership
- Revit or ArchiCAD experience
- Photoshop Experience
- Experience of Adobe Creative Cloud
- 2 years' working experience
- CSCS card
- Experience of quality management frameworks ISO 9001, BOPAS

The role will involve but not be limited to:

- Working as part of a small team, developing, and producing CAD drawings
- Assisting with feasibility studies and site reviews for potential projects
- Assisting in the preparation of CAD drawings, reports, visualisations, schedules and specifications
- Producing Planning Application drawings and be able to develop further detailed drawings suitable for Building Warrant submissions and Construction
- Liaising with other consultants and suppliers to develop design details
- Prepare documentation for tender purposes, including specification writing
- Assist with ongoing design review of design and construction within our factory

Benefits

- Company Pension Scheme
- Friendly and flexible working environment
- Flexibility over hours and days worked
- Opportunity to learn new skills and take on extra responsibilities, if desired as business grows
