- To be self-motivated and with a positive attitude
- Excellent verbal communication skills
- To be punctual and reliable
- To be a team player who follows instruction well

### **A Factory Operative will ideally have the following:**

- Min. 3 years' experience working in a manufacturing or other manual environment
- A valid CSCS card
- A full UK driver's licence ]

### **The role will involve:**

- Working under instruction of the Factory Manager and lead Joiners
- Ensuring free flow of materials to working bays within the factory
- Ensuring suitable storage and organising of stock materials
- Ensuring the factory environment is kept clean, tidy and free of debris at all times
- Using safe working practices incorporating health and safety and environmental rules
- Working within the Wee House Company BOPAS and ISO quality assurance frameworks
- Managing waste
- Sorting recyclable materials and baling cardboard

### **About Connect Modular**

Connect Modular is an established manufacturer of modular housing.

Part of The Wee House Group, we specialise in the provision of [affordable modular homes](#) for housing associations and local councils. We are currently working on a 63-home affordable housing development in Dundonald South Ayrshire and will soon begin work on building a further two affordable housing projects in North Ayrshire.

All houses are constructed off-site in our Ayrshire factory where they are completed to ceiling height and pre-fitted with kitchens, bathrooms, plumbing and electrics. The houses are then transported to site and craned into position for the final construction works to be completed.

**To be considered for this position, please send your CV to [enquiries@theweehousecompany.co.uk](mailto:enquiries@theweehousecompany.co.uk) by 3<sup>rd</sup> June.**
